

DOPEN CHAAM: 1/04/1626 - 28/12/1700

Bronbewerking en gezinsreconstructies:

CYRIEL VERBEEK, VOND 31, B2382 RAVELS

In deze klapper zijn de dopen van Chaam uit de periode 01/5/1626 - 28/12/1700 verwerkt tot gezinsreconstructies. In de doopregisters werden enkele hiaten aangetroffen: van het jaar 1637 zijn slechts 5 dopen (drie dopen op 17 februari en twee dopen op 18 februari), van het jaar 1638 slechts 4 dopen (24 januari, 12 april en twee dopen op 19 april) en tussen 24 mei 1648 en 8 november 1648 zijn geen dopen bewaard. In de periode 1663-1667 zijn een aantal dopen niet in chronologische volgorde opgetekend of zijn jaartallen (later) foutief bijgeschreven. In deze klapper is chronologische volgorde hersteld. Verder is vastgesteld dat een aantal dopen dateren voor het huwelijk van de ouders. Als bron voor deze klapper zijn de digitale foto's gebruikt die via de website van het regionaal archief Tilburg (<http://www.regionaalarchieftilburg.nl/>) raadpleegbaar zijn.

In vet: ouders waaronder vervolgens hun kinderen zijn geplaatst. Per kind volgt in de eerste rij de voornaam van het kind, de doopdatum en de doopgetuigen. In de tweede rij opmerkingen en de ouders zoals ze in betreffende akte voorkomen.
